

# plumbPRO

POWERED BY ZURN ELKAY®

## SMARTER PLUMBING TOTAL CONTROL ZERO CRAWLING

Wireless faucet and flush valve  
adjustments, from your phone

### Why facility managers choose plumbPRO™

#### No more crawling under sinks

Adjust settings via Bluetooth quickly and easily

#### Secure and tamper-resistant

Encrypted, proximity-based access keeps fixtures  
locked down and settings protected

#### Real-time control at your fingertips

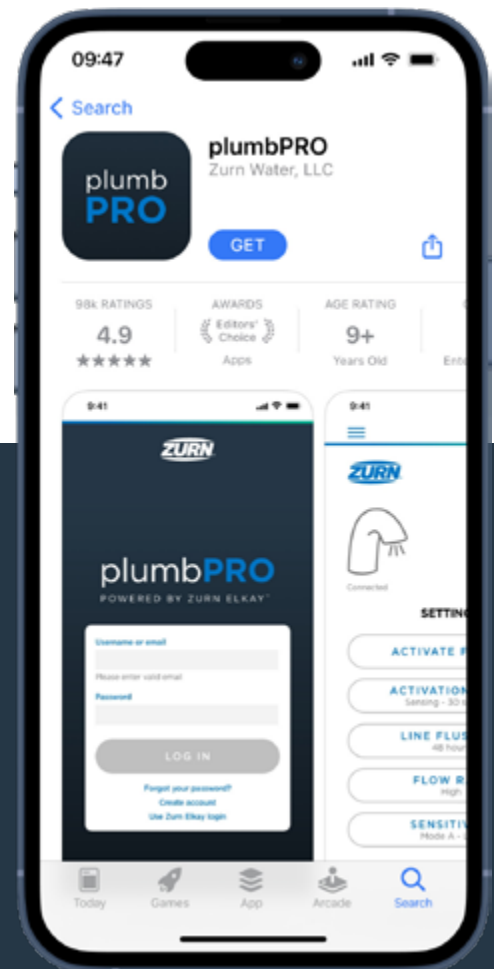

Change metering, sensor sensitivity and timeouts with a tap

#### Smarter water management

Trigger on-demand or automatic line flushing

#### Stay ahead of maintenance

Monitor Hydro•X flush valve generator health  
and battery status to avoid unneeded changes
