

Z888-18

HI-CAP TRENCH DRAIN SYSTEM UK HEELPROOF FRAME CONCRETE INSTALLATION

Dimensional data (inches and [mm]) are subject to manufacturing tolerances and change without notice.

Our system can be installed with concrete when using our special steel riser. It comes in two standard heights: 50.8 mm and 101.6 mm and two standard widths: 15mm and 30mm. Different heights are available upon request. The standard concrete installation is suggested around the Hi-Cap body for strength. A standard installation of the concrete can be done up to a steel frame.
