

ARCHITECTURAL/ENGINEERING SPECIFICATION

The ZER EZ Gear-Driven Urinal Retrofit Kit is performance engineered with the dual action of the ceramic disc cartridge and motor gear-driven operation. Its polished chrome-plated finish, modern top-mount design, and quiet diaphragm operation are ideal for new and retrofit commercial restroom applications.

PRODUCT FEATURES

- Zurn's TPE diaphragm
 - Clog-resistant bypass
 - Chloramine resistant
- Actuator
 - Electronic automatic sensor
 - Gear-driven ceramic cartridge
- True Mechanical Override Button
- Chloramine-resistant internal seals
- Universal mounting kit supplied with threaded ring for Zurn and alternative manufacturers diaphragm valves
- Operating Pressure
 - 25 psi (running) - 80 psi (static)
 - Higher running pressure may be required for some fixtures. Consult fixture manufacturer for details.
